We “Aavad Instrument” are a leading **Manufacturer, Exporter & Trading** of **Thermocouple Sensor, RTD Sensors, Pressure Gauges, Temperature Sensor, Pressure Transmitter, Temperature Indicator, etc.**

About Us

Originated in the year **2009**, we, “**Aavad Instrument**”, are engaged in **Manufacturing, Exporting & Trading of Thermocouple Sensor, RTD Sensors, Pressure Gauges, Temperature Sensor, Pressure Transmitter, Temperature Indicator, Thermowell Fittings, Temperature Gauge, Water Meter, Infrared Thermometers, Pressure Measurement & Control Instrument, Temperature Transmitter, Level Measurement & Control Instrument, Temperature Measurement & Control Instrument, Temperature Controller, Level Indicator, Level Transmitter, Laboratory Rotameter, Process Control Instrument, Flow Measurement & Control Instrument, Instrumentation Cable, Compensating Cable, Gas Flow Meter, PID Controller, Electromagnetic Flow Meter, High Temperature Thermocouple, etc.** For offering prompt and effective services to the clients, we have installed latest tools and machines at our plant. Besides, we use latest machines and superior quality raw material in the fabrications these products. Our products are widely appreciated by the clients for their high quality, accurate dimensions, durability and safe usage.

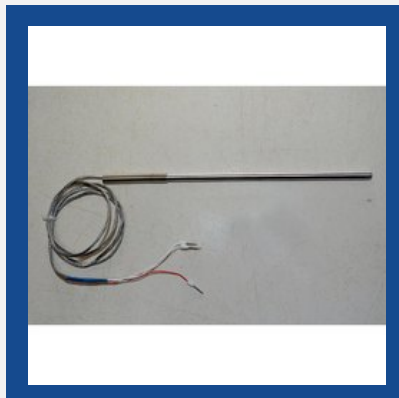

We work in close cooperation with our clients, right from the product conceptualization till the final dispatch of the consignment. Our team of experts and advanced infrastructure assist us in providing consultation services for new product or maintenance and up gradation of already deployed product. We also hold specialization...
